At the next possible date and for one of our clients, we are looking for:

Employee (m/f) Wood Purchasing South-East Europe

We are looking for a candidate (m/f) who has already gained years of experience in the "wood purchasing" (log, timber, elements). The ideal applicant (m/f) should have obtained this knowledge and supplier contacts either in a comparable position or in positions of upstream activities. After an intensive induction phase, you will be in charge of executing and supervising the secure wood supply in your South-East European countries & regions, starting from the actual purchase to logistics through to the successfully executed plant delivery.

Your Tasks:

- Professional wood acquisition (*log, timber, elements*) and control including responsibility with regard to
 - Guaranteeing the production and supplying goods in accordance with the contractual and scheduled conditions (*quantity, quality, deadlines*)
 - Guaranteeing a short- and medium-term availability of material
 - Effectively communicating the quality and purchasing requirements
 - Coordinating all arising processes
- Partially, an active production assistance
- Supporting the development of supplier specific solutions
- Training and further development of present suppliers
- Supporting the search and development of new suppliers & purchasing areas
- Personal market supervising
- Informative bridgehead for the corporate headquarters

Your professional profile:

- Experience in purchasing & sustainable wood quality securing
- Logistic knowledge - especially concerning the field „shipping & delivery“
- Business basics, linked with technical understanding
- Good English language skills and ideally German as well as country specific languages (*South-East Europe*)

Your personal profile:

- A genuine „hands-on“ mentality & negotiating skills
- A high level of willingness to travel (*around 4 days per week*) - combined with temporal & local flexibility
- A high level of personal initiative, quality & responsibility awareness
- Entrepreneurial knowledge & a confident manner
- Independent, purposeful working & teamwork capacity

Most of your purchasing activities will take place in the South European area (*Croatia, Slovenia, Hungary, Slovakia, Bosnia-Herzegovina, Serbia, Rumania*) - combined with an international travel activity, which is usual in the wood purchasing industry. You work in a dynamic working environment, where self-responsibility and team spirit complement each other and which is characterised by flat hierarchies and open communication. From the very start, we offer you a competitive salary and a developable position in a well-established, West European company. For the exertion of your new work, a company car is provided to you.
